S. BHUVANESH

Data Analyst | Power BI • SQL • Python • Tableau • Excel

Chennai, India | +91 98409 70295 | Sbhuvanesh713@gmail.com | github.com/Bhuvanesh852

PROFESSIONAL SUMMARY

Entry-level **Data Analyst** (B.E. Computer Science, 2026) who turns raw data into clear dashboards and KPI reports. Skilled in **Power BI (DAX), SQL, Python, Excel and Tableau**, with six portfolio projects covering sales analytics, marketing performance and AI-powered tools (RAG, MCP). **IBM-certified** in SQL and relational databases. Seeking a Data Analyst or Software Development role where I can deliver accurate, decision-ready insights.

TECHNICAL SKILLS

Data Analysis	KPI reporting, data cleaning, data modeling, data visualization, dashboard development
BI & Reporting	Power BI (DAX, data modeling), Tableau, Microsoft Excel (PivotTables, PivotCharts, XLOOKUP/VLOOKUP, data validation)
Programming & Data	Python, SQL, relational database design
AI / GenAI	Google Gemini API, Claude, RAG, Model Context Protocol (MCP), AI agents, workflow automation
Tools	Git, GitHub

PROJECTS

Sales Analysis Dashboard
Power BI, DAX

github.com/Bhuvanesh852/SALES-ANALYSIS

- Developed an interactive dashboard analyzing sales performance by product, region and time period, using DAX measures for total sales, profit margin and growth rate.
- Enabled self-service drill-down by category, region and month through filterable reports and slicers.

Executive Marketing Dashboard (Apex Growth Solutions)
Gemini AI, Excel

github.com/Bhuvanesh852/Bhuvanesh-gemini--ai--project

- Built an executive dashboard on cross-year (2025-2026) marketing data, tracking Attributed Revenue, CAC and Lead-to-Win Conversion Rate with multi-channel ROI and conversion-pipeline views.
- Implemented dynamic filters for 2025-2026, YTD 2026 and FY 2025, and used Gemini AI to speed up analysis.

CoverLetter AI
Python, SQLite, RAG, MCP

github.com/Bhuvanesh852/cover-letter-ai

- Engineered an offline-first tool that matches a resume to job requirements, labels every generated sentence Verified, Supported inference, General or Unsupported, and removes claims the resume cannot back up.
- Implemented hybrid local retrieval (embeddings + BM25), 9 export formats, batch mode (up to 25 jobs) and a 16-tool MCP connector for Claude; validated with 40 automated tests.

ATS Resume Scanner
JavaScript, RAG-based matching

github.com/Bhuvanesh852/ats-resume-scanner-website

- Developed a browser-based scanner for PDF, DOCX and TXT resumes that produces an explainable ATS score using retrieval-based job-description keyword matching.
- Designed an assistant that explains each score in plain language and recommends role-specific resume improvements.

AI and Agent Automation Center
Python, AI agents, MCP

github.com/Bhuvanesh852/ai-and-agent-automation

- Architected an automation hub that coordinates multiple AI agents in isolated sandboxes and uses MCP to connect them to external tools for repetitive, rule-based tasks.

SPIDY Supreme AI
AI, Open Source (MIT)

github.com/Bhuvanesh852/spidy-supereme-ai

- Built and published an open-source AI project on GitHub under the MIT license.

EDUCATION

B.E. Computer Science and Engineering, Gojan School of Business and Technology — 2022 - 2026 | CGPA: 7.26/10

CERTIFICATIONS

- **AI Foundations, Applied AI Foundations, Agents and Workflows** - OpenAI Academy (Aug 2026)
- **SQL and Relational Databases 101** (DB0101EN) - IBM Skills Network / Cognitive Class (Aug 2026)

Strengths: Problem solving, analytical thinking, adaptability | **Languages:** English, Tamil
